

Pre-Assignment: Preparing for Jonah

We look forward to having you join our Bible training workshop. To be prepared for the training, please complete the following assignments before the workshop. In this course you will learn to develop good study habits to understand and communicate the Word of God well. This pre-assignment is the first step in developing those habits. Please be in prayer with us that God would use this time to transform our lives and ministries for His glory.

Preparation: Read the book of Jonah **5** times.

Presentations: For each of the following passages prepare a 3–5-minute message:

3:1-10

4:1-11

It is not necessary to prepare an introduction, a conclusion, illustrations, or application.

For **each** chapter, using 5-18 words, write a sentence describing what you think the author is emphasizing.

Also write a 5–18-word sentence describing what you think the message would be for us today.
